Work Planned for Next 2 Weeks

Because of the weather we were unable to resurface CR's 3160 and 3190. If the weather allows, these roads are still on the agenda to be done. We have a large culvert to replace on CR 1315 and 2 culverts will need replacing on CR 1520. We also have the culverts to install at the new Justice Center. Shredding will be done throughout the County as weather permits. Work still needs to be done on the parking lots of the new jail and the Justice Center.

Our thanks go to Ron Larrow and Grady Buck for their kind and helpful words. Remember to call if you need us 473-8783 and our email address is rains.co.roads@globeco.net.

STATE OF TEXAS)(

COUNTY OF RAINS)(

CONTRACT FOR ASSESSMENT AND COLLECTION SERVICES

On this the ____ day of _____, 2002, the RAINS COUNTY APPRAISAL DISTRICT (hereinafter called district) and the RAINS COUNTY/EMERGENCY SERVICE DISTRICT (hereinafter called taxing unit) enter into the following agreement.

PURPOSE

The parties to this agreement wish to contract for the collection of property taxes with the Rains County Appraisal District. The parties enter this agreement to eliminate the duplication of the existing system and to promote governmental efficiency.

The parties enter this contract pursuant to the authority granted by Section 6.24, Property Tax Code, and Chapter 791, Local Government Code.

TERM

This contract shall be effective from January 1, 2003 to January 1, 2004, provided however, that the district shall complete performance of services to be performed for the 2003 year after January 1, 2004, if the district finds extension to be necessary. To remain effective this contract must be ratified by any subsequent governing board of each taxing entity.

SERVICE TO BE PERFORMED

The district shall collect the advalorem property taxes owing to the taxing unit. The district further agrees to perform for the taxing unit all the duties provided by the laws of the State of Texas for the collection of said taxes as described in Exhibit A attached.

The district shall perform all the functions set out in the definitions section of the contract. Specifically, the district agrees to prepare and mail tax statements for each taxpayer.

The taxing unit hereby agrees that the Chief Appraiser of the district shall perform all the duties required by law of the tax assessor-collector of each taxing unit in regard to assessing and collecting advalorem taxes.

PAYMENT

The Rains County Appraisal District shall prepare a budget for collection and appraisal functions for 2003 and the collection portion for both jurisdictions will be a total of \$8936.00. The cost of assessing and collecting taxes for each taxing unit shall be paid to the district in four quarterly installments. If the taxing unit fails to meet these payment deadlines, the district may withhold the remittance of taxes until payment is made. If separate tax statements must be mailed for the taxing unit due to late tax rate adoption, rollback of tax rates, or any other circumstance requiring the district to incur costs above those required in the normal course of preparing and mailing tax statements and related collection activities, the taxing unit must compensate the district the amount of itemized expense incurred. This fee becomes due upon billing.

REMITTANCE OF TAXES

The taxes collected for the taxing unit shall be remitted to the taxing unit on a daily basis during current collections. Taxes shall be remitted not less than once each week during delinquent periods.

MISCELLANEOUS PROVISIONS

All expenses incurred by the district for the assessment and collection of taxes shall be clearly kept on the books and records of the district. The taxing unit or their designated representatives are authorized to examine the records to be kept by the district at such reasonable times and intervals as the taxing units deem fit. Such books and records will be kept in the offices of the district.

The taxing unit agrees to transfer to the possession and control of the district, without charge, copies of all records necessary for the performance of the duties and responsibilities of the district pursuant to this contract. These records shall include all tax records, including delinquent tax rolls, or records available to the taxing units.

The district shall not be liable to the taxing unit on account of any failure to collect taxes nor shall the Chief Appraiser be liable unless the failure to collect taxes results from some failure on his/her part to perform the duties imposed him/her by law and by this agreement.

Payments by the taxing unit for the service under this contract shall be made from current revenues available to the taxing units.

The taxing unit authorizes the district to enter into or adopt installment plans between the district and delinquent taxpayer. A schedule for payments shall be fixed by the Chief Appraiser and shall not exceed a twenty - four (24) month period.

DELINQUENT TAX SUITS

The taxing unit authorizes the district to institute such suits for the collection of delinquent taxes as the district deems necessary and to contract with an attorney as provided by Section 6.30 of the Property Tax Code, for the collection of delinquent taxes.

DEFINITIONS

For purposes of this agreement, the terms "assessment" and "collections" shall include but not be limited to the following: calculation of tax rate, publication of rates as provided by law, preparation of current and delinquent tax rolls, proration of taxes, correction of clerical errors in tax rolls, collection of current liabilities, and collection of delinquent taxes.

EXECUTED at 24 Oct 02, Texas on the date and year written above.

Work Planned for Next Two Weeks

We hope to finish work on the new jail site parking lot and hot mix around the new jail. We'll be extending CR 145~~7~~ by rebuilding the roadbed, rocking and adding culverts where needed. We will also be extending CR 1490 approximately 1 mile with flex base. Plans are to resurface CR 3160.

We have finished shredding all our CR's for the third time this year. If we missed shredding any roads, please let us hear from you and we will do the ones missed.

We wish to thank Mrs. O.J. Wade, Kay Player, Charles Marney, Mr. Northcutt, Mr. John Little, Fred Worley, John and Alan Saterwhite, Johnny Stone and Mr. Ron Larrowe for calling or coming by and expressing their thanks to the Road and Bridge crew.

As Rains County Road and Bridge Administrator and all the Road and Bridge crew we wish to thank everyone for their support and kind words expressed to us.

If you need us, please give us a call at 473-8783, fax at 473-9543 or e-mail us at rains.co.roads@globeco.net

Work Completed 11-12-02 through 11-22-02

11-21-02 Thursday- Removed tree from CR 4470. Continued work on the extensions of CR 1490 using 39 loads of flex base. Shovel patched with UPM CR 3070. Installed 2- 18"X-30' culverts under CR 3190 using 1 load flex base.

11-22-02 Friday- Added 1 load flex base to culvert on CR 1495. Cleaned up brush on CR 1150.

Work Planned for the Next Two Weeks

We will be finishing the extension of CR 1490. Work is yet to be done at the new jail site (ADA parking, drainage, etc.) we hope to get accomplished. Shovel patching will also done throughout the county along with brush axing various roads.

As you can see, we were able to resurface approximately 2.1 miles of road in the past two weeks, however with winter setting in, this type of work will probably be over until next spring. We will be concentrating on the brush axing, culvert replacing and gravel work throughout the winter.

We wish to thank Kay Baker, Rita Meyers, Bob Smith, Kenneth Shipp and Melvin Brown for their works of gratitude to the Road and Bridge crew for the work accomplished on the roads and culverts installed.

If you need us please do not hesitate to call or come by to see us. 473-8783, Fax 473-9543 or email us at rains.co.roads@globeco.net

Have a happy and safe Thanksgiving.

To Whom It May Concern

This is the draft for the smallpox clinic that is to be used in the event of an outbreak of the disease.

We do not have any evidence of an intentional release in the near future, we are only trying to prepare for the worse case scenario.

In this packet you will find a list of personnel needed and what jobs they would be asked to perform. There is a detailed definition of their jobs included in the packet.

The memorandum of understanding will be used to show your commitment to this plan and that you understand the importance of and necessity of the clinic.

The list of supplies is what is needed and of what quantity and who can provide them. The Centers for Disease Control will provide the equipment to give the shots, needles, syringes, bandages, and all the paperwork needed. It is up to each community to supply the supportive equipment

Please look over the plan and supply list and feel free to give any feedback to me if you think it will improve the plan or if you think I have over looked anything.

Thank you

**SMALLPOX****SMALLPOX FACT SHEET****Smallpox Overview****The Disease**

Smallpox is a serious, contagious, and sometimes fatal infectious disease. There is no specific treatment for smallpox disease, and the only prevention is vaccination. The name *smallpox* is derived from the Latin word for "spotted" and refers to the raised bumps that appear on the face and body of an infected person.

There are two clinical forms of smallpox. Variola major is the severe and most common form of smallpox, with a more extensive rash and higher fever. There are four types of variola major smallpox: ordinary (the most frequent type, accounting for 90% or more of cases); modified (mild and occurring in previously vaccinated persons); flat; and hemorrhagic (both rare and very severe). Historically, variola major has an overall fatality rate of about 30%; however, flat and hemorrhagic smallpox usually are fatal. Variola minor is a less common presentation of smallpox, and a much less severe disease, with death rates historically of 1% or less.

Smallpox outbreaks have occurred from time to time for thousands of years, but the disease is now eradicated after a successful worldwide vaccination program. The last case of smallpox in the United States was in 1949. The last naturally occurring case in the world was in Somalia in 1977. After the disease was eliminated from the world, routine vaccination against smallpox among the general public was stopped because it was no longer necessary for prevention.

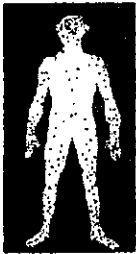

Where Smallpox Comes From

Smallpox is caused by the variola virus that emerged in human populations thousands of years ago. Except for laboratory stockpiles, the variola virus has been eliminated. However, in the aftermath of the events of September and October, 2001, there is heightened concern that the variola virus might be used as an agent of bioterrorism. For this reason, the U.S. government is taking precautions for dealing with a smallpox outbreak.

Transmission

Generally, direct and fairly prolonged face-to-face contact is required to spread smallpox from one person to another. Smallpox also can be spread through direct contact with infected bodily fluids or contaminated objects such as bedding or clothing. Rarely, smallpox has been spread by virus carried in the air in enclosed settings such as buildings, buses, and trains. Humans are the only natural hosts of variola. Smallpox is not known to be transmitted by insects or animals.

A person with smallpox becomes infectious or contagious after a rash appears. At this stage the infected person is usually very sick and not able to move around in the community. After the appearance of a rash, the infected person is contagious until the last smallpox scab falls off.

Smallpox Disease	
Incubation Period (Duration: 7 to 17 days) Not contagious	Exposure to the virus is followed by an incubation period during which people do not have any symptoms and may feel fine. This incubation period averages about 12 to 14 days but can range from 7 to 17 days. During this time, people are not contagious.
Initial Symptoms (Prodrome) (Duration: 2 to 4 days) Possibly contagious	The first symptoms of smallpox include fever, malaise, head and body aches, and sometimes vomiting. The fever is usually high, in the range of 101 to 104 degrees Fahrenheit. At this time, people are usually too sick to carry on their normal activities. This is called the <i>prodrome</i> phase and may last for 2 to 4 days.
Early Rash (Duration: about 4 days) Highly contagious Rash distribution: 	<p>A rash emerges first as small red spots on the tongue and in the mouth. These spots develop into sores that break open and spread large amounts of the virus into the mouth and throat. At this time, the person becomes contagious.</p> <p>Around the time the sores in the mouth break down, a rash appears on the skin, starting on the face and spreading to the arms and legs and then to the hands and feet. Usually the rash spreads to all parts of the body within 24 hours. As the rash appears, the fever usually falls and the person may start to feel better.</p> <p>By the third day of the rash, the rash becomes raised bumps.</p> <p>By the fourth day, the bumps fill with a thick, opaque fluid and often have a depression in the center that looks like a bellybutton. (This is a major distinguishing characteristic of smallpox.)</p> <p>Fever often will rise again at this time and remain high until scabs form over the bumps.</p>
Pustular Rash (Duration: about 5 days) Contagious	The bumps become pustules —sharply raised, usually round and firm to the touch as if there's a small round object under the skin. People often say the bumps feel like BB pellets embedded in the skin.
Pustules and Scabs (Duration: about 5 days) Contagious	<p>The pustules begin to form a crust and then scab.</p> <p>By the end of the second week after the rash appears, most of the sores have scabbed over.</p>
Resolving Scabs (Duration: about 6 days) Contagious	<p>The scabs begin to fall off, leaving marks on the skin that eventually become pitted scars. Most scabs will have fallen off three weeks after the rash appears.</p> <p>The person is contagious to others until all of the scabs have fallen off.</p>
Scabs resolved Not contagious	Scabs have fallen off. Person is no longer contagious.

Draft

Smallpox Vaccination Post-Exposure Plan
October 2002

INTRODUCTION

Rains County's vaccination plan will utilize the county public school district as a primary resource and focal point for this effort. It is assumed that schools would not be in session during this public health emergency.

FEDERAL/ REGIONAL RESOURCES PROVIDED

Vaccine (with diluent and needles)
Video presentations
Documents/Forms
Software

VACCINE DELIVERY AND PACKAGING LOGISTICS

Vaccine for Rains County will be stored at Rains Co. Family Health Clinic. Vaccines will be transported to the clinic site by public health personnel and stored in the school district refrigeration units and coolers during clinics. Vaccine will be returned to the Rains Co. Family Health Clinic for overnight storage.

VACCINE FORMULATIONS

Unknown - prepared to store any formulation

SECURITY CONSIDERATIONS

Rains Co. Sheriff Office and City Police and the School Police will be asked to assist with clinic security and the local Fire Depts. will be asked to assist with traffic control.

LARGE-SCALE VACCINATION CLINIC ORGANIZATION AND PERSONNEL ESTIMATES

This service will be provided to Rains County's 9,139 residents by establishing one clinic at the Rains High School Gym. The clinic team will consist of an "A" shift and a "B" shift operating over a 16-hour period each day. "A" shift will be on duty from 6:00 am to 2:30 pm and "B" shift will be on duty from 1:30 pm to 10:00 pm. Clinic teams will be fashioned after the *Smallpox Vaccination Clinic Guide*. This clinic will run for a total of 5 days. The first part of day one will be clinic set up, training and vaccination for all clinic workers.

This is the target personal for a five-day clinic to vaccinate 2950 or more persons a day. The total Rains County population of approximately 10,000 people should take only four days.

Station Breakdown

Forms/info packet distribution - 6 x 2 shifts = 12 total - Personnel to put together patient forms/information packets and hand out packets with information sheets/registration forms/informed consent/other **Investigational New Drug (IND)** forms (1 minute/person), clipboards, and pencils. People will begin filling in demographic info on forms while in line awaiting initial clinic entry for video briefing.

Triage - [nurse or EMT] - 2 x 2 shifts = 4 total - Triage personnel to direct ill patients to other evaluation facilities and direct identified contacts, persons with contact with a case of rash illness in last 3 weeks, and their household family members to high-priority evaluation location within the clinic (1 minute/person). Triage should also utilize signs explaining where people should go if they are ill or are identified contacts. [Note: These sites should be away from the non-contact and non-infected persons.]

Video orientation - 6 x 2 shifts = 12 total - Personnel to run video orientation regarding clinic procedures, paperwork, IND consent information, reasons for vaccination, contraindications to vaccination; 3 rooms running concurrently that hold 50 to 70 people/session with 2 staff/room (20 minute per session, allowing for 5 to 10 minute for moving people into and out of orientation room) or a total of approximately 2 sessions/hour (300 to 420 people oriented/hour)

Referral personnel - 10 x 2 shifts = 20 total - Can be trained volunteers with no medical background; to look at medical screening/vaccination consent forms and send persons **without** (yes) checked contact boxes onto vaccination station and redirect people **with** (yes) or **(maybe)** checked contact boxes on to contact medical screeners.

Medical screeners for contraindications, evaluation/informed consent questions counseling - 8 x 2 shifts = 16 total - (should be medically trained personnel, such as physicians, nurses, physicians assistants, or nurse practitioners) - Medical screeners to review patients history for those with contraindications and answer questions for informed consent (5 to 10 minutes/person); numbers may need to be increased if too many people require further screening and lines start to back up.

Physician evaluators - 2 x 2 shifts = 4 total - Physicians to evaluate/examine triaged ill persons and provide backup counseling, if needed, to contacts and noncontacts identified with possible contraindications by medical screeners (10 minutes/person), and evaluate any immediate problems following vaccination (e.g. fainting or anaphylaxis).

Vaccinators/assistants - 12 x 2 shifts = 24 total - 6 vaccination station with 1 to 2 vaccinators per station/shift to trade off vaccination, fill out vaccination card, and witness/collect signed vaccination consent/medical screening form (each of the 6 stations doing 30 to 40 people an hour for a total of 180 to 240 people an hour). Vaccinators should consist of those persons allowed to administer vaccine under state law.

Vaccine preparation - 2 x 2 shifts = 4 total - For preparation of vaccine vials to supply the stations as needed. Should be pharmacist, pharmacy technician, or other personnel trained in preparation of medications or reconstitution of vaccines and as allowed by state law.

Exit review personnel - 2 x 2 shift = 4 total - (should be medical or public health personnel) - Personnel to answer any final questions about site care, adverse event symptoms or non-taker reporting procedures/follow-up, and other issues following vaccination.

Medical records/data entry personnel - 5 x 2 shifts = 10 total - collect retained records and enter registration/vaccination information (e.g. name, SS#, passport number/country, and contact information) into database (estimated time 1 minute per record entry if database set up onsite). Rains school has a large computer lab and Internet access, hope to have site up and running for data input via Internet.

Clinic managers - 2 x 2 shifts = 4 total - Oversees all clinic functions/problems solving.

Supply managers - 2 x 2 shifts = 4 total – Oversee all supply needs; track vaccine supply/lot #, distribution, and wastage; re-supplies stations

Clinic flow/QA/forms helper personnel – 8 x 2 shifts = 16 total – [volunteers] Help maintain clinic flow, assist with forms, quality assurance, retrieve clipboards and forms from stations and takes forms to medical records entry personnel and clipboards back to form distribution, rotate through waiting areas to answer questions, and talk with people to assure them, as needed.

Security personnel – 20 x 2 shifts = 40 total – Maintain crowd control outside and inside clinics. Help with traffic control and any other security problems that arise.

Traffic flow personnel - 10 x 2 shifts = 20 total – Maintain traffic flow and order in parking area.

Translators - One for each major language of the clinic population (for Rains County English and Spanish).

Float staff personnel - 4 x 2 shifts = 8 total – Float staff personnel to answer telephones, assist clinic personnel as needed, collect forms, assist with handicapped and elderly, ect.

Contact evaluation unit personnel – 4 x 2 shifts = 8 total – For separate medical screening, education, and registering of identified contacts and their household contacts. Contacts will also be registered for surveillance for smallpox symptoms and given any travel restrictions and reporting requirements. Must be educated on contact surveillance process, smallpox signs/symptoms, and contact evaluations issues.

EMT – 2 x 2 shifts = 4 total – To assist with medical emergencies, fainting, etc.

IT personnel – 1 x 2 shifts = 2 total – To support computer, programming, electronic equipment maintenance needs, and other information technology requirements.

In Rains County there is only one jail and one nursing home, on the last day of the clinic a team will be sent to each of these locations to see that they are taken care of.

Ref. Road Work Request

Dear Commissioner Malone,

Please accept this letter as the City of Emory's formal request for the County Road and Bridge Department to use its machinery and manpower to help the City of Emory in two specific areas:

1. Please clear the bar ditches on County Road 3030 from Hwy 2795 north to Honeysuckle Lane. This is in the area of the new Brookshire's construction. This is needed to assure that water will be able to drain properly once concrete work is completed.
2. Please trim the bamboo-type brush on Honeysuckle Lane from County Road 3030 to Quitman Street.

Thank you for your assistance in this manner. If you have any questions, please call me at City Hall 473-2465.

Thanks Again,

Clyde Smith

RE: Andrews Center Contract for 2003

Dear Judge Lawrence:

Enclosed is the Andrews Center Contract for 2003. I apologize for the delay in getting the contract to you, we were waiting for the original to be approved by the Andrews Center Board. If you would please check to dollar amount to see if it is correct, if not please make the corrections needed. Also there are blank signature sheets for yourself and the auditor to sign and return. If you have any question please call.

Sincerely,

Rosemary Green

INTERLOCAL AGREEMENT
BETWEEN COUNTY COMMISSIONERS COURTS OF
SMITH, WOOD, HENDERSON, VAN ZANDT, RAINS COUNTIES, TEXAS
AND THE ANDREWS CENTER

This Agreement is entered into by and between Smith County, Texas; Wood County, Texas; Henderson County, Texas; Van Zandt County, Texas; Rains County, Texas; all political subdivisions of the State of Texas and local agencies pursuant to the authorities granted by TEX. GOV'T CODE ANN., Section 791.001 et seq., known as the Interlocal Cooperation Act, and Subchapter A (Community Centers) of Chapter 534, (Community Services), Title 7 of the Texas Health and Safety Code, and The Andrews Center, a community center established in 1968 pursuant to then existing legislation and reestablished in 1974 pursuant to then existing legislation by the now participating local agencies.

WITNESSETH

WHEREAS, The Legislature of the State of Texas has made provision for the establishment and operation of community centers for mental health and mental retardation and related services pursuant to Health & Safety Code, Section 534.001 et seq.; and

WHEREAS, Local Agency has been defined to include the political subdivision of the State of Texas known as the county; and

WHEREAS, Two or more counties, as local agencies, have specifically been authorized to establish and operate community centers; and

WHEREAS, The above referenced five (5) counties long ago established such a Community Center pursuant to the then existing legislative provision; and

WHEREAS, The Commissioners Courts of the above referenced five (5) counties desire to continue the agreement between themselves and The Andrews Center pursuant to the above-referenced legislative provisions for said Community Center to continue to provide services for mentally ill, mentally retarded and mentally disabled persons; and

WHEREAS, Said counties believe the establishment and operation of a community center is a vital component in a continuum of services for mentally ill, mentally retarded and mentally disabled persons and further believe that it is in the public interest to enter into this Interlocal Agreement for the purposes stated herein; and

WHEREAS, The Center, formally renamed the Andrews Center in October, 1991, is a community center established in 1968 pursuant to then existing legislation and reestablished in 1974 pursuant to then existing legislation by the now participating local agencies, the predecessor of which was known as the Mental Health Mental Retardation Regional Center of East Texas, which has for many years served the citizens of Smith, Wood, Henderson, Van Zandt, and Rains Counties in providing services, pursuant to Texas state law, for mentally ill, mentally retarded, chemically dependent, and mentally disabled persons;

NOW, THEREFORE, THE PARTIES AGREE AS FOLLOWS:

1. **Establishment of Community Center.** The parties hereto reaffirm their previous establishment of a Community Center to provide services for mentally ill, mentally retarded and mentally disabled persons residing in Smith, Wood, Henderson, Van Zandt, and Rains Counties, to be established and operated according to the laws of the State of Texas.

2. **Community Center Designated.** The parties hereto recognize The Andrews Center with its central administrative headquarters located at 2323 West Front Street, Tyler, Smith County, Texas and its twenty-two (22) other service centers listed on Exhibit "A" attached

COPY

Officer for the Community Center who shall have the powers delegated by the Board of Trustees subject to the policy direction of the Board of Trustees.

(h) The Board of Trustees of said Center shall annually submit to each local agency that appoints its members a request for funds or in-kind assistance to support the Center.

(i) The Board of Trustees of said Center shall keep a record of its proceedings in accordance with the general law of this state that requires meetings of governmental bodies to be open to the public, and the record is open to inspection by the public in accordance with that law. Also, the Board of Trustees shall send to each local agency made a party to this agreement a copy of the approved minutes of Board of Trustees meetings by mailing to each local agency a copy of same appropriately addressed and with the necessary postage paid using the United States postal service.

(j) The Board of Trustees of said Center are responsible for appointing the Chief Executive Officer for the Community Center. Additionally, the Board of Trustees shall (i) adopt a written policy governing the powers that may be delegated to the Chief Executive Officer; and (ii) annually report to each local agency made a part of this agreement the Chief Executive Officer's total compensation and benefits as required by law.

5. Participating Local Agencies. The participating local agencies have, as required by statute, prescribed:

- (a) an application procedure for positions on the Board of Trustees;
- (b) a procedure and criteria for making appointments to the Board of Trustees;
- (c) a procedure for posting notice of and filling a vacancy on the Board of Trustees;

and

(d) grounds and a procedure for removing a member of the Board of Trustees; all pursuant to Texas Health and Safety Code Title 7, Chapter 534, Subchapter A, Sec. 534.004. The participating local agencies agree that the central administrative headquarters of the Community Center shall be located at 2323 West Front Street, in Tyler, Texas for the term of this Interlocal Agreement.

6. Services:

(a) The Andrews Center shall provide services for mentally ill, mentally retarded and mentally disabled persons pursuant to the laws of the State of Texas.

(b) The Andrews Center shall annually provide to each participating local agency that appoints members to the Board of Trustees, a copy of the Center's: (i) approved fiscal year operating budget; (ii) most recent annual financial audit; and (iii) staff salaries by position.

(c) The Andrews Center shall charge reasonable fees to cover costs for services provided, except where prohibited by other service contracts or law.

(d) The Andrews Center agrees that pursuant to Section 534.053 of the Texas Health & Safety Code, it will provide at a minimum the following services for citizens of the participating local agencies:

- (1) 24-hour emergency screening and rapid crisis stabilization services;
- (2) community-based crisis residential service or hospitalization;
- (3) community-based assessments, including the development of interdisciplinary treatment plans and diagnosis and evaluation services;
- (4) family support services, including respite care;
- (5) case management services;
- (6) medication-related services, including medication clinics, laboratory monitoring, medication education, mental health maintenance education, and the provision of medication; and
- (7) psycho social rehabilitation programs, including social support

activities, independent living skills, and vocational training.

(e) The Andrews Center shall arrange for appropriate community-based services including the assignment of a case manager, to be available in each service area for each person discharged from a department facility who is in need of care. And, to the extent that resources are available, The Andrews Center agrees that it will make the above mentioned services available for children and adolescents, as well as adults, in each service area.

(f) To the extent that resources are available; the Andrews Center shall:

- (1) ensure that services listed in this section are available for children, including adolescents, as well as adults, in each service area; and
- (2) emphasize early intervention services for children, including adolescents, who meet the department's definition of being at high risk of developing severe emotional disturbances or severe mental illnesses.

7. Funding: As consideration for the provision of said services, each participating local agency agrees to finance the Community Center in the manner appearing in the respective exhibits attached hereto as Exhibits B, C, D, E, and F which are incorporated herein for all purposes. In this way, Counties shall provide the required local matching funds needed to obtain State Grant-in-Aid. All parties recognize and acknowledge that County funds for this Interlocal Agreement will be provided through each county's budget duly approved for each county's applicable fiscal year. Additionally, all parties recognize and acknowledge that Texas statutes prohibit the obligation and expenditure of public funds beyond the fiscal year for which a budget has been approved.

8. Independent Contractor/Indemnity: It is understood and agreed that The Andrews Center is not and shall not in any sense be considered a partner or joint venturer with the counties made parties to this agreement, additionally neither shall The Andrews Center be considered or in any manner hold itself out as an agent or official representative of any of the counties made parties to this agreement. All parties agree that The Andrews Center shall be considered an Independent Contractor for purposes of this agreement and shall in no manner incur any expense or liability on behalf of the counties made parties to this agreement. The Andrews Center further agrees to hold each county harmless for any and all claims by third parties for any injuries, damages, or liability of any kind arising under or occasioned by The Andrews Center, its Trustees, Chief Executive Officer, Professional Staff, or employees in connection with this agreement.

9. Notices: Any and all notices or mailings required to be made under the terms of this agreement or law shall be effective when given in writing and mailed via U.S. Postal Service to the addresses listed below or subsequently provided to all parties in writing:

Rains County Judge Bob Sisk
Rains County Commissioner Gary Bishop
Rains County Commissioner Rayford Briggs
Rains County Commissioner Evelyn Malone
Rains County Commissioner Virgel McEnturff
Rains County Justice of the Peace Allen Stuart

Dear Judges and Commissioners:

I come here today to congratulate you all on your accomplishments the last few years. These accomplishments were not only daily routine tasks that judges and commissioners involve themselves in but also more notably these important items:

Major restoration work on the Rains County Courthouse primarily done with grant funds.
Construction of the Annex Building which saved many thousands of dollars over new construction.

Concept, design and construction of the new jail facilities by Rains County Commissioners Court saving many hundreds of thousands of dollars.

Unit road system.

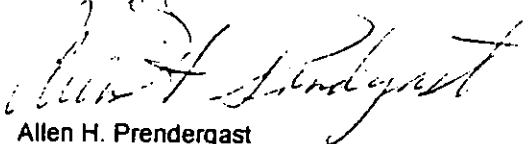

Authorization to receive TIF Grant of \$250K to install telecommunication infrastructure which will insure the technical future growth of our County.

Creation, consideration and adoption of unified rules and regulations regarding new developments in Rains County which insure good expansion in the years to come.

These changes were mandated by the dynamic growth of Rains County and each of you grew to meet these new challenges for the benefit of the whole. There were disagreements, arguments and deeply held feelings on many sides of many issues. It is very hard to be a good ole boy when you are working for a higher purpose. You all became very professional in considering important issues which affect all of us. You did not shirk your responsibility.

The future holds more issues, hard decisions, projects and important challenges. The last election has brought changes. Those of you leaving office will be missed but not soon forgotten. Each of you should be proud of your leadership and unselfish dedication to Rains County. RAINS IS READY because of the way you all have conducted yourselves and we thank you.

Yours truly,

Allen H. Prendergast

As the East Texas Regional Economic Development and Tourism Group completes a very successful year, please accept my sincere appreciation for your confidence and support to this visionary organization. I know that I speak for all of the Board of Directors when I say that Rains County is an integral part of the East Texas Regional strategy for economic and tourism development that will benefit of our participating counties.

This organization was organized to initiate and carry forward worthwhile activities and purposes that are best achieved by regional cooperation between our member counties. These activities and purposes should contribute to improvement and advancement of community and economic development in the member counties. Integral to the success that we've enjoyed thus far – in only one short year – has been the support of our elected officials in each county and, in particular, the leadership of Rains County that has set the pace in the formation of the East Texas Regional Economic Development and Tourism Group. The future success that lies ahead for this organization is based on the foundation that each of you has made in providing such strong support from Rains County. Plans for marketing and promoting the many assets that exist in our region will significantly benefit all citizens in Rains County as well as the region.

Also, as Judge Sisk, Judge Stewart and Commissioner Briggs end their outstanding service to Rains County, we would like to add our appreciation and commend them for their leadership and unselfish accomplishments to the County and the region.

Again, please accept the sincere thanks of the East Texas Regional Economic Development and Tourism Group for all that you have done in advancing this important project and regional cooperation throughout our area.

Thank you,

Gary M. McKinley
President, East Texas Regional Economic Development and Tourism Group

Dear Judge Sisk:

It is with sincere gratitude that I acknowledge your contributions to the citizens of Rains County. We have all reaped the benefits of your unselfish labor and dedication to the office of which you have held as county judge.

Your vision for the future of this county and its citizens has made a distinct difference for Rains Independent School District. Without the availability of county funds, it would have been impossible for us to build the new high school. We will always be grateful to you for your efforts on our behalf.

Again, please know that we appreciate all your hard work and may you continue to find success in the future.

Perfect for Business, Big or Small

The on-site communications solution

For small business, hotels, hospitality, landscape, nursery, etc. will need economical and instant two-way communications. Also a wireless intercom solution for large retailers, warehouses, etc.

Keep in touch without interruption

Keep all your associates in touch instantly without the interruption of a public address system or the expense and complication of cell phone. Answer customer inquiries, check stock, arrange special handling, and provide better service to your customers right in the retail sales floor. Increase productivity at the same time you improve service.

Twice as much power than other models

Use a full 5/4 watts when you need it, or select a lower setting you don't...you decide. Increase the range of your transmission outdoors, and indoors where obstacles and walls offer challenge to your current equipment. Crystal clear communications.

Simple controls, easy to use

Transmit button, volume control and channel selector are all you need. All three controls may be operated without removing from your belt. The perfect business tool that doesn't require training use. Great for high turnover or retail shift situations.

Military rugged construction

Don't let the light weight or compact body fool you. This is a military spec. rugged radio that can take abuse and keep working. Do worry about special training. Just put them out in the workplace and let them do their job.

Wide/narrow capability - a good investment

May be operated on 12.5 or 25kHz wide channels. Easy transition to the new narrow channels as regulations will move in that direction in several years. A good investment that will adapt to the future. Won't be obsolete as the rules change.

Bright Star Water Supply Corp.
Wanda Gaby, General Manager
P.O. Box 620
Alba, Texas 75410

Dear Ms. Gaby:

The estimate to repair damages caused by the contractor laying the 6" water line along the right-of-way of CR 3371 is as follows:

25 tons of flex base @ \$10.00 per ton	\$250.00
25 tons of oil sand @ \$25.00 per ton	\$625.00
8 man hours @ \$12.00 per hour	\$ 96.00
4 hours motor grader @ \$50.00 per hour	\$200.00

Total \$1,171.00

This is an estimate for damage thus far. Please have the contractor to trench as close to the fence line as possible to prevent further damage to the road.

Sincerely,

Avis Jones
Rains County Road and Bridge Administrator

AJ/js

**Non-Financial Cooperative Agreement
Between
Employing Community Service Worksite and Workfare Worksite
Temporary Assistance for Needy Families (TANF) and FSE&T Administrator**

I. Authority for Agreement:

The parties are authorized to enter into this non-financial agreement under the provisions of the Texas Administrative Code (TAC) Title 40, Rule 811.33 (Community Service and 7 U.S.C., §2029 workfare).

The parties entering into this contract are the local community service job Employing entity and East Texas Workforce Center and/or their designated TANF and Food Stamp Employment and Training (FSE&T) Administrator.

East Texas Workforce Center Designee: ACS State and Local Solutions, Inc.

Employing Entity: Rains County Environmental Enforcement

II. Purpose of Agreement:

It is the purpose of this agreement to establish policies and procedures for community service and workfare experience for Temporary Assistance for Needy Families (TANF) and FSE&T recipients who receive benefits.

III. Duration of Agreement:

The agreement will commence on the date signed by both parties and shall remain in force until terminated by mutual written agreement of both parties or by one party giving 30 days written notice to the other party.

IV. Goals of Agreement:

- The goal is to establish community service and workfare job sites for recipients.
- A primary goal of community service experience is to improve employability and enable individuals to move into regular employment
- The East Texas Workforce Center staff will develop a service/employability plan for each participant engaging in a community service activity. The service/employability plan must include: type of work to be performed, hours, and contact at the employer site.

V. Meetings and Coordination:

The employing entity and the East Texas Workforce Center staff will meet as needed, but at least quarterly to access the activities conducted under this agreement and to make necessary adjustments to improve the results of this project.

The employing entity and the East Texas Workforce Center staff will establish a process for the employing entity to report hours of participation, non-participation, and/or any other relevant participation information.

The contact people for this agreement are:

Employing Entity / Community Service Site

Name: Lee Roland
 Title: Environmental Investigator
 Address: Hwy 19 N./ P. O. Box 158
 Phone Number: (903) 473-2812

Workforce Center Administrator

Name: ACS State and Local Solutions, Inc. - Sandra Taylor
 Title: Project Manager
 Address: 410 S. High, Longview, Texas 75606
 Phone Number: 903-758-1783 ext. 230

VI. Mutual Agreements:

- The community service/workfare activity must be related to the capability of the participant to perform the task on a regular basis, including physical capacity, skills, experience, family responsibilities and place of residence.
- The total daily commuting time to and from home to the program activity site to which the participant is assigned must not exceed two (2) hours.
- The total hours of participation will be based on the individuals TANF and /or Food Stamp coupon allotment and will not exceed 40 hours per week.
- All participants have the rights available under federal, state, and local law prohibiting discrimination on the basis of race, sex, national origin, religion, and age or handicapping condition. Individuals alleging discrimination may choose to have their complaints processed as a program dispute or as a violation of other applicable state and local laws prohibiting discrimination in employment.

VII. Employing Entity Agreements:

- Encourage self-sufficiency
- Provide weekly updates of customer progress while participating in the community service/workfare project to the East Texas Workforce Center staff.
- Provide employment information on customers if they obtain employment to the East Texas Workforce Center staff.
- No participant may be required with or without his/her consent to remain away from his/her home overnight.
- Participants are subject to the same health and safety standards established under state and federal law that otherwise apply to other individuals in similar activities who are not recipients.
- Operating agencies shall not provide work to a community service/workfare participant, which has the effect of replacing or preventing employment of an individual not participating in the community service/workfare project. Vacancies due to hiring freezes, termination, and/or layoffs, shall not be filled by a community service/workfare participant unless it can be demonstrated that such vacancies are a result of insufficient funds to sustain former staff levels. The community service/workfare jobs shall in no

way infringe upon the promotional opportunities, which would otherwise be available to regular employees.

- The employing entity shall comply with the service/employability plan developed for each participant by the East Texas Workforce Center staff.
- All information received from ACS State and Local Solutions regarding any individual must be held in the strictest confidence. ACS State and Local Solutions will not be responsible for any damages resulting from the use or misuse of information provided to the above entity.

VIII. East Texas Workforce Center Administrator Agreements:

- The conditions of participation must be reasonable, taking into account in each case the proficiency of the participant.
- Grievances regarding non-discrimination compliance may be filed with East Texas Workforce Center (as outlined in 40TAC, Chapter 811, Rule 811.71).
- Grievances (excluding complaints alleging discrimination) that cannot be resolved at the local level will be forwarded to Texas Workforce Commission State office for Resolution (as outlined in 40TAC, Chapter 811, Rule 811.72).

Agreed to:

STANDING ORDER FOR COMPENSATION OF ATTORNEYS
APPOINTED TO REPRESENT INDIGENT DEFENDANTSFILE COPY
1 cc
Comm

On the _____ day of _____, 2001 the below named County Court and District Court judges with criminal jurisdiction, hereinafter referred to as the Criminal Courts Board, after a duly called and conducted meeting and discussion, did unanimously adopt this schedule of fees concerning compensation of court-appointed counsel for indigent defendants and related expenses made pursuant to Article 26.05, Texas Rules of Criminal Procedure; therefore, it is ORDERED that compensation of court-appointed counsel and related expenses, made pursuant to a motion in the format prescribed by the appointing court, shall be as set out below on a case-by-case basis as determined by the judge. Due to the wide variety of circumstances that may be encountered in cases, total compensation for all pre-trial, trial, post-trial, and appellate court appointed counsel services shall be determined by the judge upon the circumstances and complexity of each case. The fees set out below may be adjusted as reasonably determined by the judge.

I. MISDEMEANOR CASES

Trial: \$50.00 per hour (in trial)

Up to an additional \$300.00 for trial preparation at the rate of \$40.00 per hour with prior approval by the trial judge.

Non Trial

Disposition: \$50.00 per hour with a maximum of \$150.00 for plea/revocation of a case.

NOTE: No payment will be made when a defendant is arrested for the purpose of either an Administrative Hearing or Judicial Review of a probation matter. If a motion to revoke is later filed, payment will be made under this schedule.

Appeal: \$50.00 per hour with a maximum of \$500.00 for appeal of a case.

VOL. 0037 PAGE 0535

Amendments/Modification/Probation \$ 200.00

NOTE: No payment will be made when a defendant is arrested for the purpose of either an Administrative Hearing or Judicial Review of a probation matter. If a motion to revoke is later filed, payment will be made under this schedule.

III. DEATH PENALTY - CAPITAL CASE COMPENSATION

Trial: Lead counsel: \$100.00 per hour in trial
Second Chair: \$ 75.00 per hour in trial

Lead counsel: Up to an additional \$5,000.00 for trial preparation when approved by the trial judge at the rate of \$75.00 per hour.

Second Chair: Up to an additional \$3,000.00 for trial preparation when approved by the trial judge at the rate of \$50.00 per hour.

Total compensation for lead counsel shall not exceed \$30,000.00. Total compensation for second chair shall not exceed \$20,000.00.

Non-Trial

Disposition: Lead counsel: \$4,000.00 for plea/dismissal of a case
Second Chair: \$2,000.00 for plea/dismissal of a case

Appeal: \$100.00 per hour for a maximum of \$5,000 for appeal of a case

IV. REIMBURSEMENT FOR REASONABLE EXPENSES FOR PURPOSES OF INVESTIGATION AND EXPERT TESTIMONY

Misdemeanor: In misdemeanor criminal cases appointed counsel will be reimbursed for reasonable expenses incurred, provided prior court approval has been granted upon motion and application and a hearing held on said motion. Reasonable expenses upon prior court approval after motion and application may include expenses incurred for investigation and expert testimony, and will be in addition to the total compensation referred to in Section I of this Order. Said fees shall not exceed TWO HUNDRED FIFTY DOLLARS (250.00) in total investigator fees and FIVE HUNDRED DOLLARS (\$500.00) in total expert fees unless the Court finds exceptional circumstances or that good cause exists for exceeding said total amount.

Felony: In noncapital felony criminal cases appointed counsel will be reimbursed for reasonable expenses that are incurred provided prior court approval has been granted upon motion and application and a hearing held on said motion. Reasonable expenses upon prior court approval and after motion and application may include expenses incurred or expected to be incurred for investigation and expert testimony, and will be in addition to the total compensation referred to in Section II of this order. Said fees shall not exceed FIVE HUNDRED DOLLARS (\$500.00) in total

Mr. Tim Mackey, Supervisor
Field Engineering
FEC Electric
PO Box 6037
Greenville, TX 75403

Re: Utility Permit No. 2301002560

Dear Mr. Mackey:

Rains County has no objection to the location of your electrical power distribution facilities along and across the right-of-way of County Road #3332 per FEC Electric Company permit request.

It is expressly understood that Rains County does not purport, hereby, to grant any right, claim, title or easement in or upon this right-of-way. A permit is hereby granted for continuous use with the following conditions:

1. All work within County Road right-of-way shall be performed in accordance with County instructions. Areas trenched within the road right-of-way for the installation of utility lines/cables or other services must be returned to their original condition. The installation of any utility shall not damage the roadway and adequate provisions must be made to cause minimum inconvenience to traffic and adjacent property owners.
2. All road crossings will have a minimum vertical crossing of twenty-two (22) feet. Use single pole construction along county road.
3. The owner, his heirs or assigns shall bear expense of removal or relocations should Rains County require same for purposes of improving or widening the road, or in the event said road shall become a Farm-to-Market Road or Highway:
4. Rains County, its employees, agents or assigns will be held harmless of all claims, actions or damages of every kind and description which may accrue to be or be suffered by any person or persons, corporation or Property by reason of the performance of any such work,

character of materials used or manner of installation, maintenance or operation or by improper occupancy or right-of-way or public place or public structure, and in case any suit or action is brought against Rains County for damages arising out of reason of any of the above causes.

5. FEC Electric Company (Grantee), its successors or assigns will upon notice to them of commencement of such action, defend the same at their own expense and will satisfy any judgment after said suit or action shall have finally been determined if adverse to Rains County.
6. Rains County, its employees and agents will at no time be held liable for any damage or injury done to property of FEC Electric Company (Grantee), whether in contract or in tort, which may result from improving and/or maintaining county roads; and
7. The job superintendent must contact Rains County Road and Bridge Administrator to schedule a meeting at the job-site 48 hours prior to commencing work. The Administrator can be contacted at (903) 473-8783 (7:00 a.m.- 3:30 p.m.)

Trial: Lead counsel: \$100.00 per hour in trial

Second Chair: \$ 75.00 per hour in trial

Lead counsel: Up to an additional \$5,000.00 for trial preparation when approved by the trial judge at the rate of \$75.00 per hour.

Second Chair: Up to an additional \$3,000.00 for trial preparation when approved by the trial judge at the rate of \$50.00 per hour.

Total compensation for lead counsel shall not exceed \$30,000.00. Total compensation for second chair shall not exceed \$20,000.00.

Non-Trial

Disposition: Lead counsel: \$4,000.00 for plea/dismissal of a case

Second Chair: \$2,000.00 for plea/dismissal of a case

Appeal: \$100.00 per hour for a maximum of \$5,000 for appeal of a case

IV. REIMBURSEMENT FOR REASONABLE EXPENSES FOR PURPOSES OF INVESTIGATION AND EXPERT TESTIMONY

Misdemeanor: In misdemeanor criminal cases appointed counsel will be reimbursed for reasonable expenses incurred, provided prior court approval has been granted upon motion and application and a hearing held on said motion. Reasonable expenses upon prior court approval after motion and application may include expenses incurred for investigation and expert testimony, and will be in addition to the total compensation referred to in Section I of this Order. Said fees shall not exceed TWO HUNDRED FIFTY DOLLARS (250.00) in total investigator fees and FIVE HUNDRED DOLLARS (\$500.00) in total expert fees unless the Court finds exceptional circumstances or that good cause exists for exceeding said total amount.

Felony: In noncapital felony criminal cases appointed counsel will be reimbursed for reasonable expenses that are incurred provided prior court approval has been granted upon motion and application and a hearing held on said motion. Reasonable expenses upon prior court approval and after motion and application may include expenses incurred or expected to be incurred for investigation and expert testimony, and will be in addition to the total compensation referred to in Section II of this order. Said fees shall not exceed FIVE HUNDRED DOLLARS (\$500.00) in total

Mr. Tim Mackey, Supervisor
Field Engineering
FEC Electric
PO Box 6037
Greenville, TX 75403

Re: Utility Permit No. 2301001396

Dear Mr. Mackey:

Rains County has no objection to the location of your electrical power distribution facilities along and across the right-of-way of County Road#2430 per FEC Electric Company permit request.

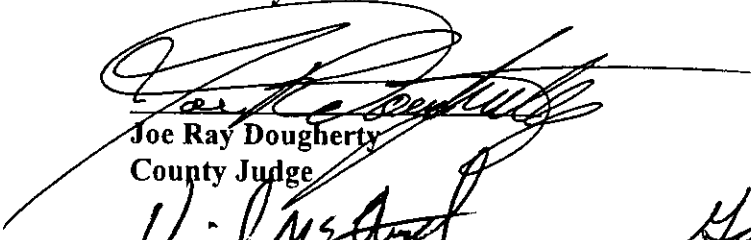

It is expressly understood that Rains County does not purport, hereby, to grant any right, claim, title or easement in or upon this right-of-way. A permit is hereby granted for continuous use with the following conditions:

1. All work within County Road right-of-way shall be performed in accordance with County instructions. Areas trenched within the road right-of-way for the installation of utility lines/cables or other services must be returned to their original condition. The installation of any utility shall not damage the roadway and adequate provisions must be made to cause minimum inconvenience to traffic and adjacent property owners.
2. All road crossings will have a minimum vertical crossing of twenty-two (22) feet. Use single pole construction along county road.
3. The owner, his heirs or assigns shall bear expense of removal or relocations should Rains County require same for purposes of improving or widening the road, or in the event said road shall become a Farm-to-Market Road or Highway:
4. Rains County, its employees, agents or assigns will be held harmless of all claims, actions or damages of every kind and description which may accrue to be or be suffered by any person or persons, corporation or Property by reason of the performance of any such work,

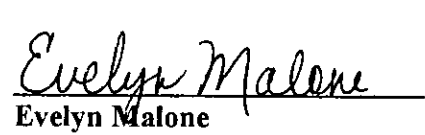

character of materials used or manner of installation, maintenance of
operation or by improper occupancy or right-of-way or public place
or public structure, and in case any suit or action is brought against
Rains County for damages arising out of reason of any of the above
causes.

5. FEC Electric Company (Grantee), its successors or assigns will upon notice to them of commencement of such action, defend the same at their own expense and will satisfy any judgment after said suit or action shall have finally been determined if adverse to Rains County.
6. Rains County, its employees and agents will at no time be held liable for any damage or injury done to property of FEC Electric Company (Grantee), whether in contract or in tort, which may result from improving and/or maintaining county roads; and
7. The job superintendent must contact Rains County Road and Bridge Administrator to schedule a meeting at the job-site 48 hours prior to commencing work. The Administrator can be contacted at (903) 473-8783 (7:00 a.m.- 3:30 p.m.)

Approved by Rains County Commissioners Court this 13th day
of February 2003.

CROSSROADS

*Where your past, present
and future meet*

Rains County Commissioner's Court

February 13, 2003

Plan Review

- Create a regional economic development/tourism marketing and promotion organization for Hopkins, Hunt, Kaufman, Rains, Van Zandt and Wood Counties
- Create a perception of value and quality among tourists and new business prospects based upon the diversity of the region
- Initially approach economic development prospects through the branding of the area by means of tourism
- (continued)

Plan Review

- Initially target the market area within 300 miles of the region and broaden the scope of the market as conditions warrant
- Provide promotional and marketing support services to the merchants, businesses and related organizations in a professional and consistent manner across all media
- Work cooperatively with all governments, civic organizations and chambers of commerce to achieve the common goals of promoting economic development and obtaining a fair share of the tourism dollar.

CROSSROADS

*Where your past, present
and future meet*

Progress to Date

Corporation

- 501-(c)3 Corporation status filed
- Board of Directors established
- Four Counties involved
- Name chosen "**CrossRoads**"
- Logo Developed
- Tag-Line established "**Where your past, present and future meet**"
- Letterhead, envelope and business cards developed
- Marketing strategy identified

Tourism Initiatives

- Co-branding with Cross Roads (separate but equal identity)
- Affiliate opportunities (golf courses, antique-ing, bundling)
- Fishing tournaments
- Golf Tournaments
- Rodeo
- Home and Garden Show
- Sporting event location (iron-man, etc...)

Economic Development Initiatives

- Ethanol Plant feasibility study and Farmers Co-op
- Chicken Manure - methane gas for co-generation of power for Ethanol plant
- Local Farmers Market Co-op
- Charter bus tours under review
- Partnerships with Chambers of Commerce
- Local business advertising including active bundling of services for greater exposure via promotions

Benefits

- Ground floor opportunities for local counties to join
- Collective value of the combined experience, expertise and knowledge to effectively promote area
- Economies of scale - otherwise would cost hundreds of thousands to implement individually.
- Additional jobs via direct and satellite businesses as well as additional product sales for individual businesses
- Tax revenue increase

Work Plan for the Next Two Weeks

We completed the base work on CRs 1525 and 3500. Plans are to regrade and add flex base as necessary to these roads until they are set up right and as the weather gets warm enough for resurfacing.

We were notified by TXDOT that Rains County now officially has 258 miles of County Roads.

Attached you will find information on a Safety Meeting held January 29, 2003.

Page 3

Work Planned for the Next Two Weeks

In the next two weeks our plans are to tear out and start rebuilding the bridge on CR 1495 at the Woodbury crossing. This road will probably be closed at least two weeks. We have placed on the agenda to grade roads as necessary, shovel patching and brush axing.

All the Road and Bridge employees would like to thank the citizens of our County for their calls, help and words of appreciation.

If you need us, please call 473-8783, fax number is 473-9543 and our email is rains.co.roads@globeco.net

Road Maintenance

These courses cover the fundamentals of maintenance activities and maintenance supervision. Topics include maintenance materials, equipment and practices; planning and scheduling; budgeting and cost controls.

Traffic Operations

These courses are offered in conjunction with the State Department of Highways and Public Transportation, Maintenance and Operations Division, and the Federal Highway Administration. The basic fundamentals of traffic engineering and safety are discussed.

Construction

The courses discuss the fundamentals of construction inspection and quality control, with an emphasis on the qualifications, duties, responsibilities and authority of inspectors. Basic technical information, methods and materials are also presented.

Construction Equipment

These courses focus on a single item of equipment and are designed to enhance the skill of operators already familiar with the equipment. Courses which develop entry-level skills for the operation of a variety of equipment are also offered.

Management

These are interdisciplinary courses taught by instructors with at least 15 years of management or supervisory experience. They bring the objectivity of outside technical assistance to your organization.

What is TACERA?
The Texas Association of County Engineers and Road Administrators is a professional organization which was chartered in 1987 to provide technical and professional interchange. Membership is open to all county road engineers, administrators and their staffs. TACERA is affiliated with the National Association of County Engineers (NACE) and the Texas Public Works Association (TPWA). The organization is headquartered at the Texas Engineering Extension Service (TEEX), a part of The Texas A&M University System. This allows TACERA to bring its members timely, informative programs and services.

What Can TACERA Offer You?

TACERA offers a forum for the exchange of information between county engineers, road administrators and public works directors. The TACERA membership meets twice each year during its spring and fall conferences. These meetings facilitate the exchange of ideas and information between professionals and include technical sessions beneficial to members.

TACERA, through its affiliation with TEEX, offers a curriculum of courses to advance technical proficiency. The curriculum is divided into five areas, and into four professional levels based on years of experience. A description of these courses can be found on the back of this brochure

As a member of TACERA, you also will receive *The Roadrunner*, our official newsletter, to keep you up to date on upcoming conferences and news from member counties. *The Roadrunner* lists job opportunities around the state as they become available and is also a forum for technology transfer between engineering professionals.

What Can You Offer TACERA?

TACERA is a young organization and needs your input. Share your expertise and that of your staff with TACERA. Help promote the advancement of engineering knowledge and technology. Work to improve public services. TACERA needs you.

13 February 2003

Rains County Commissioners Court

On 5 February 2003 I was suspended without pay indefinitely. Since the accusations are so petty, I'm attempting to inform you of the actual events leading up to this point.

In June 2001, the third day after we all came together as the Unit Road System, Mr. Woodson and myself was called in the office and we recieved a verbal reprimand for being negative toward's the URS. Since Mr. Jones had hardly talked to us at all, how could he have come up with such an opinion. It turns out that he had another worker, Tim Wedeking to listen to us the prior day during our job assignment and report to him what we said. This was later confirmed to me by Mr. Wedeking. It turns out that Commissioner McInturf had told Mr Jones negative things about us so he was setting us up.

Witness for this reprimand was
Gary Bishop

The second reprimand occurred on 13 February 2002. Mr. Jones said that some candidate had called him and complained that I had been speaking negatively about the URS. Consequently a tongue lashing occurred about my attitude towards the URS.

Witness by James Woodson, Paul Sisk, Harchel Bullard Jr., and Bobby Hogue.

The Third reprimand occurred on 20 June 2002. After a conference with Kevin Talley and Paul Sisk, I was called in and scolded for spending too much time working at Point. Also mention was made that I tore up two brushhax's, and also mentioned was my not being on board as a team player. That afternoon I was asked to sign a letter of reprimand.

On 7 November 2002, I was asked to sign another letter of reprimand, since the election was over, and he still had a job.

It is interesting to note that every reprimand occurred when Mr Jones was really mad. He never expressed his concerns in a civil tone. He also encouraged me to quit my job each time.

Also most of the time his accusations were so petty, that he always had to complain about more than one thing.

My reprimands always occurred when he was outraged, possibly out of control.

Other incidents include 29 March 02 when the day prior he had been to Commissioners court trying to sell the Red Truck. The commissioners saw a need to keep it, so his action was for us to park it at Point and bring him the Key.

The next incident was 4 April 02. Prior to this time a person called to complain about big holes in the road on 1421. So we were assigned to apply Screenings to the road to fill up the holes. Later someone called complaining that after it rained the screenings were messy. So on 4 April 02 we were sent to remove screenings from the road. I suggested oiling the road since it was oiled already but he didn't concur.

On 6 June 02 I was digging out soft places on 1402 preparing the road to be re-oiled when it was decided that I wasn't getting it done fast enough, so he had Paul Sisk come and just spread rock over the soft places in order to get it done fast.

The next incident occurred on 14 August 02. Someone had been trying to get Mr. Jones to prepare a mail person turn around at the end of 4525. His response was to have Mr. Woodson put a sign where the oil stopped and the gravel started, saying "County Maintenance Stops Here."

It is my contention That Mr Jones has allowed his temper to get the best of him in his decision making. This should be rectified.

If you choose to let me return to work I would like for one of Two things to happen.

1. Mr Jones given the opportunity to resign.
2. A public apology by Mr. Jones to me in front of all the workers at the Road and Bridge Department, removal of my letters of reprimand, and any others to men from this incident, and no repercussions from him at the workplace. Also, I would like to be paid retroactive to 5 February of 2003.

In closing I would like to say that I am a conscientious employee, I know my Job, and I am quite easy to work with.

I don't understand why Mr. Jones chooses to make it hard, I could be a great help to him.

I have in the past worked diligently with all the elected officials with no problems whatsoever.

I just want to say it has been an honor and privilege to work for The Rains County Government and Citizens. Everything I have done or said was for the benefit of the County.

Thank you for your
attention.

Supervisor: Mr. Avis Jones, Road and Bridge Administrator

On the morning of June 20, 2002 I had an occasion to speak with Mr. Francis regarding a report that I received about him talking against the Rains County Road and Bridge System.

If Mr. Francis is to continue to work and receive his livelihood from the Rains County Road and Bridge System he is to cease immediately speaking against the System on company or personal time and be a team player, upholding the System and do the job he has been hired to do.

I am placing Mr. Francis on ninety (90) day probation. In which Mr. Francis will be observed and should this problem arise again it will not be discussed with Mr. Francis, but it will be terms for immediate dismissal.

Kenneth:

At this time after careful deliberation I have decided to extend your probationary period until December 31, 2002.

On January 1, 2003 your evaluation will come under consideration and my primary objective is to see if your attitude and work ethics have changed. As Administrator and your Supervisor I look for teamwork among my employees and so far I have not found this to be your case.

Should you wish to discuss this I will be happy to set time aside for your views.

CERTIFIED MAIL
RETURN RECEIPT REQUESTED

The Honorable Robert M. Sisk
Rains County Judge
P.O. Box 158
Emory, Texas 75440

Community No.: 480975

Dear Judge Sisk:

I am pleased to announce that your community's application to participate in the National Flood Insurance Program (NFIP) is approved. In accordance with Section 1336 of the National Flood Insurance Act of 1968, Rains County is eligible to participate in the Emergency Program effective January 15, 2003. This means that flood insurance will be available to local property owners and can be purchased from any property insurance agent or broker licensed to do business in the State in which the property to be insured is located.

I am taking the liberty of sending you the enclosed news release announcing your community's eligibility to participate in the NFIP. I hope it assists you in your efforts to publicize the availability of this important coverage. Your community's property owners will want to know about this opportunity to obtain insurance protection against losses from future flooding. Coverage for buildings and their contents is available at reasonable rates for building owners, as well as tenants.

There is a 30-day waiting period before any newly purchased flood insurance policy takes effect, or any additional coverage or endorsement which increases policy limits. The waiting period ends and the policy takes effect at 12:01 a.m. on the 30th calendar day after the insurance policy application date and the payment of premium.

There are ten exceptions to the 30-day waiting period. The two most common exceptions are described here for your information. First, when the initial purchase of flood insurance is in connection with the making, increasing, extension, or renewal of a loan, there is no waiting period and coverage is effective immediately. Second, when the purchase of the flood insurance is related to the revision or updating of a Flood Hazard Boundary Map (FHBM) or Flood Insurance Rate Map (FIRM), there is a 1-day waiting period. This means flood insurance coverage is effective 12:01 a.m. the day after coverage is purchased for a building where the map is revised and shows the building to be in a Special Flood Hazard Area (SFHA) when it had not been in a SFHA prior to the map revision. This exception is limited to a thirteen month period which starts on the date the revised map is issued. Information concerning the remaining exceptions is detailed in the enclosed "Policy Issuance 5-98" dated October 1, 1998, issued by the NFIP.

Under the Flood Disaster Protection Act of 1973, as amended, flood insurance must be obtained by those seeking any form of Federal financial assistance for construction or acquisition of buildings in the Federal Emergency Management Agency (FEMA) identified SFHAs. Such assistance would include Federal Housing Administration insured and Department of Veterans Affairs and Rural Economic and Community Development Services guaranteed mortgages and direct loans, Federal disaster relief loans and grants, as well as other types of similarly described assistance from Federal agencies.

In addition, all loans obtained from federally-regulated, supervised or insured lending institutions which are secured by improved real estate located in the SFHAs are also conditioned upon the borrower obtaining flood insurance coverage on the building securing the loan. We strongly encourage everyone having a financial interest in property located in SFHAs to purchase and maintain flood insurance coverage to protect their investment.

Again, we congratulate your community for adopting current floodplain management measures and welcome its entry into the NFIP. This action assures the availability of flood insurance protection for property throughout the community and it offers the promise of a safer community in generations to come.

If you need any further assistance, contact our Regional Office staff in Denton, Texas. They can be reached at: FEMA, Federal Insurance and Mitigation Division, Federal Regional Center, 800 North Loop 288, Denton, Texas 76209, or (940) 898-5165.

SAMPLE NEWS RELEASE

FEDERAL FLOOD INSURANCE NOW AVAILABLE
IN RAINS COUNTY, TEXAS

Washington, D.C.—Rains County has joined over 19,000 communities nationwide who are allowed to purchase Federally backed flood insurance. This availability follows the community's adoption and enforcement of ordinances to reduce flood losses and acceptance by the National Flood Insurance Program (NFIP).

Rains County is eligible to participate in the NFIP effective January 15, 2003. Residents of Rains County will be able to purchase flood insurance up to the limits under the Emergency Phase of the program. However, there is a 30-day waiting period before the coverage goes into effect. For single family homes, this limit is \$35,000 and \$10,000 for the contents. Renters can also protect their belongings through the contents coverage. For commercial properties, this limit is \$100,000. After the initial Emergency Phase, higher limits of coverage will be available.

Lenders must require borrowers whose property is located in a designated flood hazard area to purchase flood insurance as a condition of receiving a Federally backed mortgage loan in accordance with the Federal Disaster Protection Act of 1973.

The NFIP is implemented through the Federal Emergency Management Agency. There are over 4 million flood insurance policies in the more than 19,000 participating communities nationwide.

National Flood Insurance Program Policy Issuance 5-98

Subject: 30-Day Waiting Period
Effective Date: October 1, 1998

This Policy Issuance updates the Federal Insurance Administration's interpretations of the applicability of the 30-day waiting period to various mortgage lending and insurance underwriting situations in Policy Issuance 8-95 (December 5, 1995). This Policy Issuance supercedes Policy Issuance 8-95 and provides answers to additional questions regarding the 30-day waiting period from Write Your Own companies and insurance agents. These interpretations are intended to serve the Congressional intent for the imposition of the 30-day waiting period for the purchase of flood insurance to prevent abuse (i.e., property owners would purchase insurance only when a flood was imminent) and to facilitate lender compliance with the mandatory purchase of flood insurance.

Policy Decisions

1. The 30-day waiting period will not apply when there is an existing insurance policy and an additional amount of flood insurance is required in connection with the making, increasing, extension, or renewal of a loan, such as a second mortgage, home equity loan, or refinancing. The increased amount of flood coverage will be effective as of the time of the loan closing, provided the increased amount of coverage is applied for and the presentment of additional premium is made at or prior to the loan closing.

Explanation: This interpretation is consistent with a basic objective of the National Flood Insurance Reform Act of 1994 (NFIRA), namely, to facilitate lender compliance with the statutory requirements for flood insurance. The 30-day waiting period was established to prevent abuse by insureds from increasing coverage when flooding was imminent. The exemptions to the waiting period on the other hand were for loan closing situations and to facilitate lender compliance with the flood insurance purchase requirements.
[Note: This policy interpretation has been retained from Policy

Issuance 8-95 (December 5, 1995) and has not changed.]

2. The 30-day waiting period will not apply when an additional amount of insurance is required as a result of a map revision. The increased amount of coverage will be effective 12:01 a.m. on the first calendar day after the date the increased amount of coverage is applied for and the presentment of additional premium is made.

Explanation: This interpretation is also consistent with a basic objective of the NFIRA to facilitate lender compliance with the statutory requirements for flood insurance. The purchase of additional flood insurance is to comply with the statutory requirement for flood insurance in an amount equal to the outstanding principal balance of the loan for a property owner who was prudent enough to buy voluntarily flood insurance but now must increase the amount to comply with statutory requirements for flood insurance resulting from a Federal Emergency Management Agency map change. [Note: This policy interpretation has been retained from Policy Issuance 8-95 (December 5, 1995) and has not changed.]

3. The 30-day waiting period will not apply when flood insurance is required as a result of a lender determining that a loan which does not have flood insurance coverage should be protected by flood insurance as required by Section 102(e) of the Flood Disaster Protection Act of 1973, as amended by NFIRA, because the building securing a loan is located in a Special Flood Hazard Area. The coverage will be effective upon completion of an application and the presentment of payment of premium.

Explanation: The interpretation is consistent with the purpose of the NFIRA to ensure compliance with the statutory requirements for flood insurance protection for property the subject of Federal or federally-related financial assistance even when the discovery is made by lender that flood insurance is required after the loan has closed. It is immaterial whether the lender's discovery of the need for flood insurance results from a scheduled mortgage loan portfolio review or a review of an individual loan file. [Note: This interpretation has been modified from that contained in Policy Issuance 8-95 to now provide that an exemption from the 30-day waiting period applies only to loans in Special Flood Hazard Areas, i.e., those loans for which the statute requires flood insurance.]

4. The 30-day waiting period does not apply when an additional amount of insurance is requested at renewal time that is no more than the amount of increase recommended by the insurer on the renewal bill to keep pace with inflation. The increased amount of coverage will be effective at 12:01 a.m. on the date of policy renewal provided the premium for the increased coverage is

received before the expiration of the grace period. The 30-day waiting period applies to any additional amount of insurance requested at renewal time that is higher than any amount of increase offered on the renewal bill provided by the insurer. The beginning of the waiting period is determined by the normal rules. In the event that the insurer is unable to determine the application date and the presentment of premium, the insurer must use the premium receipt date in establishing the effective date for the increased coverage.

Explanation: To permit an insured to increase flood coverage to the amount recommended by the insurer as a safeguard against inflation without the 30-day waiting period is consistent with insurance industry practices and does not create a loophole for the kind of abuse Congress specifically wanted to prohibit with the statutory 30-day waiting period. To apply the 30-day waiting period in situations when a policyholder wants to significantly increase the amount of insurance beyond the amount recommended by the insurer to keep pace with inflation is in keeping with Congressional intent. [Note: This policy interpretation has been modified from that contained in Policy Issuance 8-95 to now provide that the 30-day waiting period applies to any additional amount of insurance requested at renewal time that is higher than any amount of increase offered on the renewal bill provided by the insurer.]

5. The waiting period does not apply to a renewal offer to the insured for the next higher limits available under PRP.

Explanation: This interpretation is consistent with other interpretations in this Issuance that exempt from the 30-day waiting period modest increases in coverage that are comparable to the inflation adjustment recommended by insurers at renewal.

6. The 30-day waiting period does not apply when an insured decides to rewrite the existing policy at the time of renewal from Standard to a Preferred Risk Policy (PRP), provided that the selected PRP coverage limit amount is no higher than the next highest PRP amount above that which was carried on the Standard policy using the highest of building and contents coverage. In those cases where the Standard policy has only one kind of coverage, either building or contents only, the 30-day waiting period applies.

In addition, if the structure is no longer eligible under the PRP or the insured decides to rewrite the existing PRP at renewal time to a Standard policy, the 30-day waiting period does not apply provided the coverage limit amount is no more than the previous PRP coverage amount or the next highest PRP amount above that.

Explanation: The change in coverage that results from converting a Standard Policy to a PRP or from converting a PRP to a Standard

Policy with the limitations set forth above results in only a modest increase of flood insurance coverage--roughly equal to the amount of increase in No. 4 above.

7. Unless the contents are part of the security for a loan, the 30-day waiting period applies to the purchase of only contents coverage by a condominium unit owner at the time of the loan, i.e., where building coverage is not being purchased by the unit owner.

Explanation: Since the mandatory purchase of flood insurance applies only to property--real improved and/or any personal property--which is securing a loan, then a condominium unit owner who exercises his or her own option to buy insurance and is not responding to a lender's mandatory purchase decision is subject to the 30-day waiting period. This interpretation is consistent with other situations where an exemption to the 30-day waiting period applies only in situations to facilitate lender compliance with NFIRA.

8. Provided that the application and premium are received before an anniversary date, the 30-day waiting period does not apply to a cancel/rewrite of a 3-year policy at an anniversary date to obtain Increased Cost of Compliance (ICC) coverage.

Explanation: ICC coverage became effective for all new or renewal policies with effective dates on and after June 1, 1997. Those policyholders with 3-year policies without being able to cancel and rewrite in order to obtain ICC coverage would be delayed unnecessarily from obtaining coverage that Congress mandated under the NFIRA.

9. The insurer may rely on an agent's representation on the application that the loan exception applies unless there is a loss during the first 30 days of the policy period. In that case, the insurer must obtain documentation of the loan transaction, such as settlement papers, before adjusting the loss.

Explanation: It would be inconsistent with the intent of Congress for the NFIP to impose burdensome and time-consuming documentation requirements for the agent during the application process, in the case of loan transactions which Congress specifically wanted to exempt from the 30-day waiting period. Requiring documentation if a loss occurs during the first 30 days, however, assures that there will be no abuse of the rule.

10. The 30-day waiting period does not apply to a reduction of the deductible effective as of the renewal date.

Explanation: The amounts involved are comparable to the modest

inflation adjustments recommended by the insurer at renewal.

In order to provide a reasonable period of time for the insurers to comply with the new Policy Decisions (5 through 10), the effective date for Policy Decisions 5 through 10 is October 1, 1998.

Re: Notice Assignment of Certain Instrument(s)

Dear Sir/Madam:

The records of BP Pipelines (North America) Inc. "BP" or "Assignor", indicate that it is a party with you to the instrument or instruments "Instrument(s)" listed on the attached Exhibit A.

BP and All American Pipeline, L. P. "All American" or "Assignee" hereby notify you of BP's sale of certain of its domestic crude oil business assets and property to All American pursuant to an Asset Purchase Agreement. The closing of such disposition is effective February 1, 2003 and is herein referred to as the "Closing Date". The assets include a crude oil pipeline from Sabine Station, Gregg Co., Texas to Drumright Station, Creek Co., Oklahoma. For your reference, a map depicting the general route of the pipeline through the county is attached hereto as Exhibit "B".

In connection with the above disposition, All American respectfully has assumed all rights and obligations of BP in the Instrument(s) listed on Exhibit A and in any other instruments related to such disposition with respect to which you are a party with BP to be effective from and after the Closing Date.

Effective upon the Closing Date, BP hereby assigns to All American all of its interest in the Instrument(s) and All American hereby accepts the assignment and agrees to assume as of the Closing Date and thereafter be bound by and perform all of the covenants, agreements, terms, conditions, obligations, liabilities and stipulations of the Assignor in the Instrument(s) to the same extent and with the same force and effect as if All American had been named as a party thereto as of the Closing Date in place and stead of Assignor.

Pursuant to the within described assignment and as and after the Closing Date, the Assignee shall be entitled to hold and enforce all of the privileges, rights and benefits of Assignor under the Instrument(s) as if the Assignee had been originally named as a party to the Instrument(s), and that from and after the Closing Date the Instrument(s) shall continue in full force and effect with the Assignee substituted as a party thereto in the place and stead of the Assignor.

Please acknowledge receipt of this notice of assignment by signing the duplicate copy of this letter in the signature blank below and return it to the undersigned in the enclosed

Honorable Judge Sam Brazier

Subject: Proposed 6-inch NGL
Pipeline crossing
Rains County, Texas

As previously discussed with you, Service Pipe Line Company, a Maine corporation with headquarters in Tulsa, Okla., is planning construction of a 6-inch pipeline from Pan American's Edgewood Plant to their plant near Yantis, Texas. This proposed route will necessitate crossing several Rains County farm roads.

The pipeline survey and right-of-way acquisition is now complete and construction is planned to start not later than July 20, 1964. Service Pipe Line Company has contracted a licensed and experienced pipeline contractor to construct this pipeline and standard industry practices will be followed under Service Pipe Line supervision, in the performance of the construction. All county roads will be cut during construction and the top of the pipeline will be laid a minimum depth of four feet below all ditches. All road surfaces cut during construction will be restored to the original condition or better. Detours or temporary bridges will be provided where possible and all safety precautions will be used. Caution signs, barricades, flares or caution lights will be employed as needed.

Attached is a map showing the proposed 6-inch pipeline route crossing the Rains County farm roads. If the proposed plans meet with your approval please sign and return the original copy to Service Pipe Line Company, Box 1097, Greenville, Texas.
