

ETCADA

ETCADA is a non-profit funded by Grants and donations.

100% of the funds go toward care for recovery and prevention of individuals with Drug and Alcohol Abuse.

Narcan is provided to adults that are in recovery to keep them on the correct path and assist them in building a healthier more stable life style.

For teens it puts them on the right path earlier in life and provides them essential tools to promote overall success in their life. The center provides clothing for interviews, food and the daily necessities they may not receive from home.

The staff salaries is supported by grants through the State of Texas.

Emory, Tx 75440

Dear Honorable Brent Hilliard,

For more than 66 years, ETCADA (East Texas Council on Alcoholism and Drug Abuse) has proudly served Region 4, providing critical support and resources to communities like Rains County. Throughout this time, we have remained committed to being part of the solution through comprehensive prevention, intervention, recovery, and youth programs. Our services are available to individuals ages fifteen (15) and older, helping residents build healthier, more stable lives.

The majority of ETCADA services are offered at no cost to participants. Our work is made possible through a combination of grants, foundation support, and individual contributions. However, the growing need for services continues to exceed current funding levels.

With this in mind, ETCADA respectfully requests a contribution of \$1,000 for Fiscal Year 2027 (FY27) to continue providing essential services to the residents of Rains County. Your investment directly supports programs that strengthen individuals, families, and the overall well-being of your community.

Enclosed, please find our most recent financial statements, as requested in the preparation of the 2026–2027 Budget Letter.

For more detailed information about our programs and impact, please visit ETCADA.com.

We appreciate your continued support and partnership in strengthening our community.
Respectfully,
